TREASURY DEPARTMENT.

Bureau of Internal Revenue.

[T. D. 4737]

TRANSFER OF TAXPAID RECTIFIED SPIRITS BY PIPE LINE FROM RECTIFYING PLANTS TO CONTIGUOUS TAXPAID BOTTLING HOUSES

To District Supervisors and Others Concerned:

Pursuant to the authority conferred by Section 605 of the Revenue Act of 1918, (U. S. C., 1934 ed., title 26, sec. 1151), as amended by Section 319 of the Liquor Tax Administration Act, (U. S. C., 1934 ed., Supp. II, title 26, sec. 1151 (2)), the following regulations are prescribed:

Where a rectifying plant and a taxpaid bottling house are operated on contiguous premises by a distiller or proprietor of an internal revenue bonded warehouse, the Commissioner may, in his discretion, authorize the transfer of rectified spirits on which the rectification tax has been paid from the bottling tanks in the rectifying plant to the bottling tanks in the taxpaid bottling house by means of pipe line.

A separate and permanent pipe line shall be installed to connect the rectifying plant with each bottling tank in the taxpaid bottling house. The pipe lines shall be exposed to view throughout their entire length, and all connections, valves, flanges, etc., shall be brazed or welded from the point where they leave the rectifying plant premises, provided, however, that the termination of such pipe lines in the rectifying plant may remain open to permit hose connection with the bottling tanks. There shall be painted on each such pipe line, on that portion extending into the rectifying plant, a number corresponding with the serial number of the tank in the taxpaid bottling house to which it connects.

When taxpaid rectified spirits are authorized to be transferred as above provided, the procedure for taxpaying rectified spirits in the bottling tank in the rectifying plant will be the same as provided by Regulations 15, except that at the time of taxpayment an extra copy of Form 237 will be executed and certified by the Collector. The extra copy of Form 237 will be attached to Form 230 on the bottling tank in the taxpaid bottling house as evidence that the proper tax on the spirits therein has been paid.

Upon completion of transfer of the rectified spirits to the taxpaid bottling house, there shall be entered under Part 7, "Certificate of Cases Filled", on all copies of Form 237, a statement that the spirits described on the reverse side of this form have been transferred by pipe line to Bottling Tank No. _____ in the contiguous taxpaid bottling house, operated by _____, and the date of such transfer. This statement shall also include the serial number of Form 230 to which the extra copy of Form 237 is to be attached in the bottling house. Upon completion of bottling the extra copy of Form 237 will remain attached to the appropriate Form 230 and be transmitted to the District Supervisor in the manner prescribed by T. D. 4561.

Rectifiers who transfer their entire production by pipe line, pursuant to the provisions of this Treasury Decision, will not be required to provide a Finished Products Room as prescribed by Regulations 15.

Regulations 15, as amended, and T. D. 4561 are hereby amended accordingly.

AMENDMENT TO THE RULES FOR ADMINISTRATION OF GRAZING DISTRICTS¹

MAY 10, 1937.

The Rules for Administration of Grazing Districts approved March 2, 1936, as amended January 28, 1937, are hereby amended by substituting the following for the portion beginning with the heading "Hearings and Appeals", on page 7:

APPLICATIONS, HEARINGS, AND APPEALS

1. *Consideration of applications; recommendation; notice.*—An application for grazing privileges will be considered in the first instance by the advisory board of the district in which privileges are sought. The advisory board will make its recommendation to the Division of Grazing. If such recommendation is favorable, the Division will so notify the applicant by ordinary mail. If the recommendation is adverse, notice thereof will be served on the applicant either personally by the regional grazer, or such person as may have been by him designated, or by registered letter sent to the address given by the applicant in his application for grazing license. Such notice will name a place and date, not less than ten (10) days thereafter, when protests against the recommendation of the advisory board will be heard. At the conclusion of the first meeting held for the purpose of considering applications, a list of all recommendations and a notice showing the dates and places at which protests will be heard shall be posted at the board's place of meeting.

2. *Hearing of protests; reconsideration by advisory board; notice.*—At the dates and places fixed for hearing protests any party may appear, either in person or by attorney or other representative, or may file a written protest with the advisory board, which thereupon will reconsider its previous recommendation in the light of the protest and make a final recommendation to the Division of Grazing. If such recommendation is favorable to the applicant, the Division will so notify him by ordinary mail. If the recommendation is adverse, notice thereof will be served on the applicant either personally by the regional grazer, or someone designated by the regional grazer for that purpose, or by registered letter sent to the address given by the applicant in his application for grazing license.

At the conclusion of the meeting held for the purpose of considering protests, a list of all recommendations which are different from the first recommendations of the advisory board shall be posted at the board's place of meeting.

3. *Allowance or rejection of application by regional grazer; modification; notice; appeal to examiner.*—The regional grazer is vested with authority, in his discretion and in the light of all facts and circumstances, to issue or refuse to issue a grazing license. If a license is refused or issued in modified form, a notice, including a recital of specific reasons for the action taken, will be served on the applicant either personally by the regional grazer, or by such person as may have been by him designated, or by registered letter sent to the address given by the applicant in his application for grazing license. Such notice will advise the applicant of his privilege to file an appeal to an examiner of the Division of Grazing in the local office of the Division within fifteen (15) days following receipt of notice. Such appeal shall be accompanied by specifications of error setting forth in a clear and concise manner the matters upon which it is based. Any other interested party, including local organizations of stockmen, may file a request for permission to be heard in the appeal and shall serve the appellant with a copy of such request. Such a party shall be known and designated as an intervenor.

4. *Filing of place and date for hearing before examiner on appeal; notice.*—Upon the filing of the appeal and specifica-

¹ Under the act of June 28, 1934 (48 Stat. 1269), as amended by the act of June 26, 1936 (49 Stat. 1976), commonly known as the Taylor Grazing Act.

tions of error, the regional grazier will fix a place within or near the district and a date at which a hearing will be held by one of such representatives of the Division of Grazing as may have been designated by the Director of Grazing to conduct hearings. Such representative, however, shall be one other than the regional grazier from whose decision the appeal is taken. For the purpose of the hearing, such representative of the Division of Grazing shall be known and designated as an examiner. The date for such hearing shall be ten (10) days or more after the date of filing of the appeal. Notice of the place and date of hearing will be given to the appellant and to all intervenors of record at the time of notice.

5. *Authority of examiner.*—The examiner is vested with general authority to conduct the hearing in an orderly and judicial manner, including authority to subpoena witnesses and to administer oaths, to call and question witnesses, and to make a finding of fact and a decision.

6. *Conduct of hearing before examiner.*—The appellant, the regional grazier, and recognized intervenors may stipulate the issue or issues involved in the case and so far as possible all material facts. Documentary evidence also may be entered by stipulation. The regional grazier, or his representative, will then state the grounds of the decision from which the appeal has been taken, together with such explanation as may be deemed necessary, and will call and examine such witnesses on the issues involved as the examiner may request. Upon the conclusion of this testimony the appellant shall present his case, following which intervenors, in the discretion of the examiner, may present evidence. All oral testimony shall be under oath, and witnesses will be subject to cross-examination by any party. The examiner will himself question any witness whenever it appears necessary. Objections to evidence will be duly noted, but not ruled upon, by the examiner, and such objections will be considered upon an appeal from the decision of the examiner. The examiner will, however, summarily stop examination which is obviously irrelevant and may summarize objections for the record and limit their repetition.

7. *Finding and recommendation of examiner; notice.*—Within ten (10) days following the conclusion of the hearing the examiner will make a finding of fact and a decision, which shall become a part of the record on appeal, and a copy of which shall be sent by registered mail to the appellant and to all the intervenors.

8. *Notices of appeal; furnishing copies of record.*—Within ten (10) days after the receipt of the decision of the examiner any party desiring to appeal shall file a written notice of his intention to appeal and may request a copy of the transcript of testimony. Such transcript shall be furnished without charge to the appellant, and one copy may also be delivered to whosoever is designated by them or, in the event of disagreement, to the intervenor designated by the examiner. Such notice of appeal and request for a copy of the transcript shall be filed in the office of the chief examiner, Division of Grazing, Department of the Interior, Salt Lake City, Utah.

9. *Appeals to the Secretary of the Interior.*—An appeal from the decision of the examiner to the Secretary of the Interior shall be filed, together with any brief desired in support thereof, within 30 days after date of receipt of the transcript of the testimony, in the office of the chief examiner, Division of Grazing, Department of the Interior, Salt Lake City, Utah. The appeal in other respects shall be made in accordance with the Rules of Practice of the Department of the Interior in effect at the time such appeal is taken.

Director of Grazing.

AMENDMENT TO RULES AND REGULATIONS WITH RESPECT TO STOCKYARD OWNERS, MARKET AGENCIES, DEALERS, AND LICENSEES

REGISTRATION BY MARKET DEALERS; APPLICATIONS FOR LICENSES

MAY 17, 1937.

Under authority of the act of Congress approved August 15, 1921 (U. S. C., title 7, secs. 181-229), as amended by the act approved August 14, 1935 (U. S. C., sup. I, title 7, secs. 218-218d), the general rules and regulations of the Secretary of Agriculture with respect to stockyard owners, market agencies, dealers, and licensees (B. A. I. Order 357), issued November 9, 1935, effective November 25, 1935, are hereby amended as hereinafter set forth.

Amendment 2 to B. A. I. Order 357 is hereby revoked and in lieu thereof the following regulation to be designated as regulation 3 is prescribed:

3. (a) Registration (sec. 303, title III) by market agencies and dealers shall be accomplished by properly filling out and delivering to the Bureau of Animal Industry at Washington, D. C., by mail or otherwise, a form which will be furnished on request for the purpose.

(b) Applications for licenses (sec. 502 (b) title V) may be made by persons subject to the licensing provisions of the amendment by properly filling out and delivering to the Chief of the Bureau of Animal Industry at Washington, D. C., by mail or otherwise, a form of application, which will be furnished by said Bureau upon request. The Secretary will issue a license to any applicant furnishing the required information unless he finds after opportunity for a hearing that such applicant is unfit to engage in the activity for which he has made application, or that he is financially unable to

fulfill the obligations that he would incur as a licensee. If, after a hearing, it appears that the applicant is financially unable to fulfill his obligations as a licensee, the Secretary may grant applicant a license upon his executing and maintaining a surety bond or satisfactory equivalent thereof, provided such bond or equivalent meets the following standards:

Such bond or equivalent shall be conditioned to secure the performance of the obligations of the licensee incurred as such and may contain such other terms and conditions, not inconsistent with the requirements of these regulations, as may be agreed on between the parties thereto. If a bond is maintained, the surety on such bond shall be a surety company approved by the Treasury Department of the United States for bonds executed to the United States. However, any other form of indemnity which is found by the Chief of the Bureau of Animal Industry at Washington, D. C., to afford substantially equivalent protection may be accepted in lieu of a bond. Whenever, in the judgment of the Chief of the Bureau of Animal Industry at Washington, D. C., the condition of the business of any licensee is such as to render his bond or equivalent inadequate, the same shall, upon notice, be adjusted to meet the requirements of this regulation.

Any surety bond or equivalent shall contain a provision requiring that at least 10 days prior notice in writing be given to the Bureau of Animal Industry at Washington, D. C., by the party terminating such bond or equivalent in order to effect such termination.

Fully executed duplicates of bonds or equivalents shall be filed with the Bureau of Animal Industry at Washington, D. C.

This amendment, which is designated as Amendment 3 to B. A. I. Order 357, shall become and be effective on May 18, 1937.

Done at Washington, D. C., this 17th day of May, 1937.

INTERSTATE COMMERCE COMMISSION.

INSTRUCTIONS GOVERNING PROCEEDINGS UNDER THE MOTOR CARRIER ACT, 1935

MAY 10, 1937.

The Commission has adopted the following special instructions governing proceedings under the Motor Carrier Act, 1935.

1. Except as indicated in these special instructions, proceedings under the Motor Carrier Act, 1935, are governed by the applicable or analogous provisions of the Commission's Rules of Practice.

2. When, in the Rules of Practice, reference is made to commissioners or examiners, it will be understood that the reference also includes a special board composed of State representatives (herein called "joint board") to whom matters have been referred pursuant to section 205 of the act for hearing, consideration, and recommendation of an appropriate order thereon (herein called "referred matter"). Those to whom matters are so referred will be called referees.

3. A referee may not grant leave to amend or file any pleadings, or to intervene, in a referred matter, upon application tendered at the hearing, if thereby the issues would be unduly broadened, or if thereby the issues would be so narrowed as to make the referred matter one which should properly be referred to a different referee.

4. Formal complaints must be filed with the Commission at Washington and should be accompanied by a statement of the point at which hearing is desired. They should specifically name the States in which the assailed rates, fares, or charges apply. Addresses of all defendants should be shown in order to insure proper service. Sufficient copies must accompany each formal complaint to enable the Commission to serve one upon each defendant, to supply one to the State board of each State included within the scope of the complaint, and to retain three for its own use.

5. Informal complaints may be communicated to the Commission at Washington or at the nearest district office of the Bureau of Motor Carriers of the Commission.¹

6. Protests against applications under any provisions of the Motor Carrier act, 1935, or any requirement established pursuant thereto, must conform to the requirements of rule XXI of the Rules of Practice. They must contain a concise statement of the interest of the protestant in the proceeding and the grounds upon which the protest is based, and when practicable each ground of protest should be set up in separately numbered paragraphs.

7. In shortened procedure cases sufficient copies of memoranda should be submitted to enable the Commission to retain five copies, in addition to the original, for use by itself and the referees, and to make service upon each party previously designated to receive copies.

¹District offices, numbered as follows, are maintained at the following points: 1, Boston, Mass.; 2, New York, N. Y.; 3, Philadelphia, Pa.; 4, Pittsburgh, Pa.; 5, Charlotte, N. C.; 6, Atlanta, Ga.; 7, Nashville, Tenn.; 8, Chicago, Ill.; 9, Minneapolis Minn.; 10, Kansas City, Mo.; 11, Little Rock, Ark.; 12, Fort Worth, Tex.; 13, Denver Colo.; 14, Salt Lake City, Utah; 15, Portland, Oreg.; 16, San Francisco, Calif.

8. In referred matters, which are governed so far as applicable, by the usual procedure of the Commission as to "proposed report" cases (Rule XIV of the Rules of Practice), the referee will fix the time for the simultaneous filing of briefs; and after the expiration of such time will file with the Commission a report and recommended order containing the statement of the issues and facts and the findings and recommended conclusions, which will be served by the Commission. Exceptions may be taken as provided by Rule XIV (d) 4 of the Rules of Practice. If no exceptions are filed within the period allowed the referee's recommended order shall become the order of the Commission and become effective unless within such period it is stayed or postponed by the Commission. If exceptions are filed within the period allowed the Commission will grant such review or make such orders or hold or authorize such further hearings or proceedings in the premises as may be necessary or proper. In all cases where an order becomes effective within the meaning of this rule a notice to that effect will be served on the parties.

9. A petition for rehearing, reargument, or reconsideration of an order entered in proceedings under the provisions of sections 206, 209, or 211 of the act, whereby applicants, after formal hearing, have been granted a certificate, permit, or license, must be filed within 30 days after service of the final report therein, or after service of notice that the recommended order of the referee has become effective, and the date of mailing of the report or notice to the parties shall be considered as the date of the service.

10. Whenever the Commission orders, without hearing, that a certificate of public convenience and necessity or a permit, under sections 206 or 209 of the act shall be issued and become effective on a designated date unless on the Commission's own motion or for good cause shown it is otherwise ordered, petitions for the staying of the order or for the withholding of the issuance of such certificate or permit, or other objection thereto, must be in writing, which shall contain a statement of the grounds relied upon, and be verified by one having knowledge of the facts therein stated. Such petition or objection shall be filed at the office of the Commission in Washington at least 10 days prior to the date designated in the order for the issuance of such certificate or permit.

11.
